

ENLARGEMENT OF CITY LIBRARY IS NOW ASSURED

Architect Busy Preparing Tentative Plans For Addition On Present Site

Through the action of Councilman Henry Sundermann, chairman of the library committee of the council, this week, it is now expected that plans to enlarge the present city library will soon become an actuality.

Acting under authority of the council, at its last regular meeting, the chairman of the committee has employed Architect Will H. Topke to prepare tentative drawings for plans to insure beginning of construction of an addition in the near future.

This action was taken after diligent search had failed to disclose existence of other plans which it was thought might be available for use as a nucleus.

It is stated there is a sum in excess of \$4000 now unexpended in the library fund. This sum will be considerably augmented by transfer of money to that fund at the close of the present fiscal year.

The proposal for enlargement calls for construction of a building across the entire width of the present site on Mission street, of an ornate nature.

The building now housing the library has long ago ceased to be adequate for the needs of our citizens. This structure will be used as an annex after construction of the contemplated new building.

Thus we will soon be one step nearer to the complete modernization of Daly City.

It is expected the new plans will be ready for inspection by the City Council at its next meeting.

SODIUM LIGHTS ARE INSTALLED ON THREE MILES EAST HIGHWAY

Improved System Will Illuminate Bayshore From San Francisco To South San Francisco

A three and one half mile stretch of the Bayshore Highway, from San Francisco city limits to South San Francisco is to be illuminated with sodium vapor lights, installation of which was under way, Monday of this week, according to T. H. Dennis, maintenance engineer for the State Highway District.

An eight year survey of traffic accidents on the road resulted in this lighting project.

Sodium vapor lighting on the highway is an experimentation in traffic safety work, Mr. Dennis said. The highway is unlighted over almost its entire length.

The lights will be set at staggered intervals, 140 feet apart. The lighting system will feature 10,000 lumen lamps.

TRAIN CRASH KILLS AUTOIST AT SAN BRUNO

At the crossing at Scott avenue in San Bruno, Sunday of this week, an automobile was struck by a Southern Pacific train. The driver, who was alone in the car, was instantly killed and the car completely demolished.

The motorist's body had been hurled 150 feet as the speeding train and the vehicle collided with terrific compact.

The remains were tentatively identified as those of Francis Sidney Smith, 37, a steel worker of 2136 California street, San Francisco.

Engineer O. L. Stein of San Jose, who was operating the train, told authorities he did not see the car in time to stop.

CIVIC LEADERS MAKE COMMUNITY CONTINUOUS CHRISTMAS PRESENT THROUGH RECREATIONAL PROGRAM

Recreation Commission Appointed by Mayor And Members To Have Active Charge Of Project Assigned By County Supervisor Of Recreation

Through the active interest of Mayor Paul G. Selmi, December 27, 1937, will mark the opening of the first Daly City Recreation Project, when our community will come into the federal and state recreation program as Unit 23 of District 9, State of California.

With the appointment of Principal James Ferguson, of the Jefferson Union High School; Richard Crane Jr., Superintendent of Daly City Grammar Schools; Mrs. Ann Eason and Mrs. Mazie Boyle, both prominent leaders in civic affairs and well known for their interest in the recreational and playground needs of the boys and girls of the community, through their connection with P.-T. A. work, Mayor Selmi has assured the city of the best thought and leadership for this advanced step in the fulfillment of the functions of our civic lives.

To open the project, Arthur M. Ryan, San Mateo County Supervisor of Recreation Projects, has assigned Rudolph Anderson, Mrs. Fay Cotter, Mrs. Lela Campbell and E. J. Halcrow, all Daly City residents, to begin operations on December 27.

Mr. Anderson, well known member of the local fire department, has for several months, been connected with the San Bruno unit of the recreation department in connection with baseball and basketball activities at the Uncle Tom's Cabin playgrounds, where he had a major share in developing the newly surfaced diamond; Mrs. Campbell has been directing girls activities from the

DEPOSIT IS MADE ON FIRST PLOT FOR PLAYGROUND

Purchase Price Agreed On And Money Paid To Secure Property For Recreation

Daly City citizens are at last assured of the beginning of an extensive program which will eventually result in the establishment of a system of parks and playgrounds.

At the last regular meeting of the Daly City Council, it was unanimously voted to appropriate \$100 for an agreement deposit to bind purchase of eight lots at Brunswick and Acton streets, to be used for equip-

DO NOT FAIL TO THINK OF THE OTHER FELLOW

This is the season of the year when most everyone is happy and busy trying to make someone else happy. What a wonderful holiday season it would be if during the entire celebration no one would have cause to regret his carelessness, recklessness or indiscretion while driving or walking on the public highways and streets.

Most traffic accidents are preventable if individual motorists will think before, during and after their driving.

Don't spoil your holiday fun by having an accident; help the other fellow have his fun, too.—San Mateo County Traffic Safety Commission.

ment of the first unit of community playgrounds.

Early this week, after discovery that the money had not been delivered, Mayor Selmi at once had an agreement drawn and signed by the owners of the property and then delivered to them a check from Daly City for \$100. Considerable time had elapsed since the last meeting, but the sellers agreed to accept the deposit, and this final acquisition of the site is now assured on payment of the purchase price of \$6000.

Action will undoubtedly be taken at an early meeting of the council to appropriation of sufficient funds to effect consummation of the deal.

Citizens have long felt the serious need for playgrounds in our community and will hail with delight the news that at last we are on the way to realization of this long cherished wish.

COMMUNITY CHRISTMAS PARTY ON CITY HALL LAWN PROVES THE MOST SUCCESSFUL EVER HELD IN VICINITY

More Than Thousand Children And Many Parents Turn Out To Participate in Holiday Festivities On Street At Civic Center

When any group of people are one in mind and heart for the promotion of a worthy project—then the result always spells S-U-C-C-E-S-S.

Sunday evening of this week hundreds of parents and boys and girls of various ages gathered in front of the brilliantly lighted Xmas tree and platform at our civic center on Wellington avenue. After appropriate introductory remarks by Mayor Paul G. Selmi, the celebration started off with a bang.

Some of the boys and girls were old enough to feel a sense of community pride in the radiant tree and in their Daly City Band, spic and span in their blue coats and white trousers, proud that its leader, George Brenner, is also the composer of "The Gateway to the Peninsula," Daly City's official march, which was played as their second number. This slogan was coined by the publisher of the Daly City Record.

Miss Rose's dancing pupils, some of them tiny tots, were most alluring in costume and rendition.

Santa Claus, himself, was there on the platform, taking it all in, his bright eyes spotting, here and there, some child perched high on a daddy's shoulder. Immediately the "Hello hand signals," commenced operating between the little folks and their white bewhiskered friend. This role was appropriately carried out by Cleo Miller.

After the entertainment program, the children lined up according to age, which included babes in arms

YOUNG MEN ARE APPREHENDED AS YEG SUSPECTS

Claim Made Youths Separated Casual Acquaintance From Large Sum After Assault

Three young men were arraigned in the court of Justice Wade H. Clay in Daly City, Wednesday afternoon of this week on a charge of assault and robbery. Their preliminary hearing was set for Thursday of next week at 2 o'clock, in the afternoon.

The three are accused of slugging and robbing a San Francisco bartender after taking him for a "ride" early last Sunday morning, in Colma.

Smith stated he came to Daly City early Sunday, looking for friends. He met two of the youths in a Daly City bar. They said they would direct the visitor to his friends. Instead they went from place to place, drinking.

At the last place visited, the last member of the trio joined the party. When he left and got into his car, Smith claims the trio attacked him, beating him with their fists and kicking him into unconsciousness.

When he recovered consciousness "somewhere" near Daly City, Smith said his wallet, containing \$160, and his watch, pen and pencil were gone. Smith displayed cut lips and a badly bruised face as evidence of the attack when he appeared at the district attorney's office in Redwood City to make complaint.

One of the young men, at a trial on a previous charge, was admitted to three years' probation, which would have expired next month. He has violated his probation in the present case, according to County Probation Officer Francis Robinson.

The three defendants were arrested by Constable George Kreel and Daly City Police Chief Reardon and Sergeant Sunderland and held in the Daly City jail until the time of their arraignment.

When it was disclosed that the alleged crime was committed outside the Daly City limits, the trio were turned over to the custody of Sheriff McGrath of San Mateo County. They are being held in the Redwood City bastille.

DAMAGE SUIT FOR INJURIES AT STREET CROSSING

Victor Berneri, 45, of Colma, filed suit in the superior court of San Mateo county, at Redwood City, Saturday of last week, against the Market Street Railway Company for \$25,000 damages, as the outcome of an accident at Colma, some time ago.

Berneri claims a south bound trolley car knocked him to the pavement and injured him while he was crossing the street with a policeman on the night of December 19, 1936.

The former chief of police of Daly City, John Doyle, was struck in the same accident, while escorting the complainant across the street, at the intersection of Mission and Market streets, Colma. Doyle died shortly afterwards as the result of injuries received at that time.

DEAD LINE FOR LIQUOR PERMITS SET BY BOARD

Penalties Provided For Failure To Secure Licenses Prior To Time Designated As Limit

Midnight, December 31, will be the absolute dead-line for the filing without penalty, of applications for renewal of on-sale liquor permits, according to an announcement today by John C. Corbett, member of the State Board of Equalization for this district.

On-sale liquor licensees who fail to apply for renewal of their permits by midnight of December 31, must pay a penalty of 15 per cent up to January 10. Between January 10 and 15, applicants for permit renewals will be forced to pay a penalty of 25 per cent.

All on-sale liquor licensees who have failed to file application for renewal of their permits by January 15, will be declared out of business, Corbett said, adding that if such delinquents desire to continue in business, it will be necessary for them to file application for a new license, following the same procedure as when they first applied for an on-sale license, and in the meantime, no sale of liquor will be permitted.

Permit renewal application blanks are being mailed now, direct from the State Board headquarters in Sacramento, to the on-sale licensee. Those in this district who do not receive their application blanks by December 20, should apply direct to the State Board office, Room 116, State Building, San Francisco, or San Francisco and San Mateo counties, and at the San Jose office, 98 North First street, for Santa Clara, Santa Cruz, San Benito, Monterey and San Luis Obispo counties.

Any change in the business setup of an on-sale liquor premises necessitates application for a new license, instead of a renewal. These applications may be made at the respective offices as outlined above.

Story Teller

Ralph Freud

Ralph Freud directs all of the plays for the Federal Theater Project at the Alcazar in San Francisco, but in the current production he also takes an important role as an actor, that of the Story Teller in "The Cricket on the Hearth," a Charles Dickens Christmas story.

It is Freud who is seen first, as he hastens down the aisle, courteously apologizing for his tardiness, and mounting the steps to the stage seats himself by the cheerful fire on the hearth. It is Freud's charming rendition of the lines of the Story Teller that gets the play started, sets its pace. As he speaks, the actors appear on the stage and gradually take up the thread of the story with dialogue and action.

The costumes are all authentic replicas of those worn in the early 40's when Dickens was rapidly rising to fame as one of his country's greatest writers. The adaptation is by Gilmor Brown of the Pasadena Community Players and Federal Theater's state consultant. "The Cricket on the Hearth" will have a short run, ending December 27.

XMAS CAROLS AND BELLS RING WELCOME ECHO

"Jingle bells, jingle bells, jingle all the way," echoed and re-echoed as students of the Woodrow Wilson Elementary School held an assembly and presented an educational and interesting program on the origin and characteristics of Christmas symbols as well as the celebration of this holiday in other far-off foreign countries and lands.

Annaliese Tratumann, president of the Student Body, acted as chairman and introduced the speakers. Arthur McCrystle explained to the group, the inauguration of Christmas Day and Santa Claus. Albert Donnici told of the origin of the Christmas stocking. James Parker narrated how Christmas cards brought their quaint messages to homes, while Wallace Bellando told the assembly why we decorate our homes and Christmas trees. The quaint customs in Austria, Scandinavia and Germany were reviewed by Eldon Prziborski and Donald Laston.

The popular poem "Twas the Night Before Christmas" was read by Robert Dyer. Mrs. Hahn led a group of girls in Christmas carols. The program closed with the entire school singing "Jingle Bells."

Thieves stole a large gospel tent owned by Rev. R. E. Alden, which he had set up in a field near Boston.

ALCAZAR PLAY DEPICTING XMAS HOLIDAY SPIRIT

One Of Best Productions Yet
By Federal Theater Pro-
ject Closes Monday

For anyone who has yet to get the feel of Christmas, this reviewer suggests a visit to the Alcazar Theater, to see the production of Charles Dickens, "The Cricket on the Hearth," which closes next Monday, December 27.

The prosaic of every day life is doffed with hat and coat as one enters the theater. From busy O'Farrell street to the poetry of Dickens' time is but a step, it is quickly discovered. The play is done in the period of that day, 1845. One enters to find the house lights half up, the curtain fully up and the stage set with the interior of a cottage of the English countryside, a cheerful fire burning on the hearth. No one is on the stage.

The play starts with the entrance of a courteously apologetic old gentleman hastening down the aisle from the rear of the house. He seats himself in a chair beside the fire. He is the Story Teller. He begins the tale of "The Cricket on the Hearth" and one by one, the characters in the play appear upon the stage. So naturally do they take up the thread of the story with dialogue and action that one is unconsciously drawn into the living interest of these people of nearly a century ago. Another surprise comes with the conclusion of each act, when the curtain is not lowered and the scenes are changed by four carolers, who, dressed so like the illustrations of a Dickens book they appear to have stepped from between its covers, sing as they go about their work.

TIMELY TOPICS

Unlike the famed "old gray mare," a Canadian horse named Squire, 23 years old, seems to be just about what he used to be. At the National Horse Show in New York a few days ago, the veteran jumper won the Whitney Stone trophy, defeating 35 young horses.

An A. P. dispatch from Lafayette, Tenn., states that when John Wisdom went to investigate a noise in his henhouse, a fox attacked him, chasing him into the house and biting him six times. The animal jumped on a bed, then to a sewing machine, and was finally killed with a poker.

Crime didn't pay in the case of Oscar Shires, who was sentenced to from one to two years for robbery at Alma, Wis. The crime netted Shires only three cents.

Theophilus L. Haacker, known as the father of Minnesota's dairy industry and for many years head of the dairy school at the University of Minnesota, recently celebrated his 91st birthday. He retired in 1918 and now lives in St. Paul.

Picking herself up after she had been knocked down by an automobile, Miss Carrie Nowell, 72, of Pasadena, Calif., told the driver she was to blame for the accident, then walked nine blocks to a hospital.

THE OBJECTION

A man was buying a dog, and the shop assistant was very anxious to sell him a dachshund. But the prospective dog-owner was evidently not very keen on this type of animal.

"What is it about a dachshund that you don't care for?" asked the assistant.

"They make such a draught when they come into a room. They always keep the door open so long,"—Pearson's.

NEW CHINESE WAR ZONES OUTLINED

As Japanese troops advance on retreating Chinese, this map shows where the new or impending Japanese thrusts will endanger Americans in Hankow and Tientsin. In Hong Kong, a short distance from Canton, the British are reported to be concentrating their naval power to protect their crown colony. Both French and English troops are reported to have adopted stern precautionary measures, following recent air attacks which were made over Canton. The British are reported contemplating a sudden shift of their Mediterranean squadron to Far Eastern waters.

Crossing a bridge, Pat halted in the exact center and saw the moon reflected in the water.

MARIE CURIE, A WHITE FLAME!

Humble Marie Curie, one of the world's great women, would never have forgiven her daughter for telling the story of her heroic life. Now that her daughter, Eve, has done just that, the world is richer for knowing the dauntless struggle waged by Marie Curie. Almost to the last, her life was a never-ceasing battle against poverty, illness and heartbreak.

The self-sacrificing labors of Madame Curie and her husband opened a new vista in the world of science through their discovery of radium—but France never could find the time to provide them with a laboratory or a liveable income.

Only through the generosity of American women did Marie Curie, toward the last, receive a gram of the precious radium her own discovery had given to the world. But through all hardships her courage shone out like a strong, white flame.

The world would be much poorer without the story of her unflinching self-sacrifice and devotion to an ideal.

TROOP NO. 141

Meets Thursdays 7 to 9 p. m. at Nazarene Church, Vista and Santa Barbara

(Scout Angelo Ditty, Troop Rep.)

At our last meeting it was decided to set 7:15 o'clock as the deadline for Scouts to be counted on time. We will continue to gather at 7 p. m. and the quarter hour will be used for chuck-ups, tests, etc. The troop officers will confer during this period in a separate room regarding troop affairs.

Our troop is again making calendars for our sponsoring institution. This time, there are to be 200. It's a big job, but we are getting well under way and the Cubs are lending a hand too. These calendars are being made of plywood, with a picture of the church and proper inscription printed on the plaque. They are well designed and are being neatly made. Our workshop resembles a factory. Several boys are lined up at tables with each completing an operation before passing the work on to the next worker.

Three of our Scouts, Glenn Goode, Frank Pate and Donald Laston, took part in the Christmas pageant last Sunday evening at the church. It was presented by the Young Peoples Society.

Several Scouts have already indicated their intention of going to Camp Lilienthal for the Christmas vacation trip. We're hoping that "Old Soy Bean" (that's Mr. Straughan's Ford) will be able to do her

stuff and take our supplies O. K. The two Lion Cubs of Pack 141, were invited to go and promptly accepted. The cost of the three-day trip is to be two plinks (dollars to you).

The Waterdog Patrol put on a special initiation service last meeting night. It was yours truly who was the object of all their fun. Now that I know the official gurgle, I am a full-fledged acqua pooch.

Scout Ernest Anderson has been suffering with a sprained ankle for some time, but there is indication that he is getting better now.

Our troop wishes you all the happiest Christmas of your life.

CUB PACK NO. 141

Our first annual Cub Christmas party, held at the home of Den Mother, Mrs. John Mossman, was a huge success. We met at 7 p. m., and engaged in games of various kinds and in singing Christmas carols. Albert Prowse favored us with harmonica solos and Meryn Mossman, 9-year-old daughter of our Den Mother, was presented in a beautiful dance. Mr. Straughan, Cubmaster, related an interesting Christmas story. We had refreshments in the basement and engaged in more games and contests there. Movies were made of our various activities. Chief among these was a scene with all of us seated around the Christmas tree, singing carols. We practiced for the cub playlet, "Jimmy's Christmas," which was presented at the Church program last night.

Those present were John Mossman, Kenneth Claussen, Milton Roberts, Henry Herting, Wallace Nielsen, Robert Sutherland, William Precado, Warren Herting, Richard Russell, Keith Claussen, Buster Nelson, Albert Prowse and Sunny-boy Mossman.

The police dog mascot of a University of New Hampshire fraternity slept soundly while thieves robbed the house, but would not let police enter when they arrived to investigate.

Lesson Sermon Of Christian Science

In all Christian Science churches, branches of The Mother Church, The First Church of Christ, Scientist, in Boston, Mass., a Lesson-Sermon will be read Sunday, December 26, on the subject "Christian Science."

The Golden Text will be: "Ho, every one that thirsteth, come ye to the waters, and he that hath no money; come ye, buy, and eat; yea, come, buy wine and milk without money and without price" (Isa. 55: 1). Bible selections will include the following passage from John 7: 15-17: "And the Jews marvelled, saying, How knoweth this man letters, having never learned? Jesus answered them, and said, My doctrine is not mine, but his that sent me. If any man will do his will, he shall know of the doctrine, whether it be of God, or whether I speak of myself."

A passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy, will also be included, which reads as follows: "Divine Science is absolute, and permits no halfway position in learning its Principle and rule—establishing it by demonstration" (p. 274).

Christmas Party At Nazarene Church

The Young Peoples' Society of Grace Nazarene Church held a Christmas party, Tuesday evening of this week, at the home of the pastor, Rev. N. M. Lewis, on Hillcrest drive.

Games were enjoyed and refreshments served by the entertainment committee, consisting of Martha Page and Miriam Hicks.

Eighteen members were present.

XMAS SERVICES AT CHURCH OF HOLY ANGELS

The solemnity of the Birth of Our Lord will be celebrated with special services at the Church of Holy Angels in Colma.

On the three preceding days to Christmas, a triduum of prayers, sermons and Benediction will be held every evening at 7:30 o'clock.

On Christmas morning, the first Mass will be at 6 o'clock, preceded by a solemn procession of the Angels carrying the Infant Jesus to the crib, specially built near the main altar. Mass will be High Mass, sung by the parish choir, under the direction and playing of Miss Mary Belli. Besides the liturgical parts of the Mass, the choir will render Christmas hymns, and the Noel, and during the Mass, there will be a general communion.

After the High Mass, a few girls dressed to represent angels, will recite Xmas prayers before the crib. The sermon will be preached by Rev. Father Louis O'Callaghan, a Jesuit Father from Alma College, San Jose.

The second Mass will be at 7:15, celebrated by Rev. Father James Sorasio, D. D., pastor, with sermon in Italian.

The third Mass will be celebrated by Rev. Father L. O'Callaghan, with sermon in English.

The fourth Mass will be at 10:30, followed by the benediction of the Blessed Sacrament.

Thanks For Efforts

George Wheeler wishes to thank the members of the committees who worked so willingly on the Xmas tree party and extends them a Merry Xmas and a Happy New Year.

MISSOURI MULE IS HONORED BY BOYS OF ARMY

Parade With Bands And Flying Flags To Commemorate Retirement From Service

Army men all over the world know mules. There has been no military force within the memory of living man in which they have not been an integral part. Even with the motorization of army units, the sun never sets on them. Today they are serving in every country in the world, just as they served with the Allies and the Central Powers in the World War; with the Japanese and the Russians in Manchuria, and with Kitchener in the Sudan. They have served and are now serving under every flag.

The army mule has been immortalized in song and story, but it remained for Lieut.-Col. E. E. Bennett, commanding officer at Fort Totten, Queens, New York, to order out the regiment recently, to do him full military honors in recognition of duty well and willingly performed, of loyalty and obedience—things, it was remarked by Army officers, not always found in men.

Colonel Bennett's order calls for the regiment to parade with bands and flags on the parade ground at Fort Totten for Jack, a 29-year-old native of Missouri pastures, which are famous for producing some of the finest mules in the world.

In voicing praise of their long-earned friend, the commander said: "Through all his 27 years of service in the United States Army, Jack has been an outstanding public servant, performing all his duties in accordance with the highest of army mule traditions. The matter of his willingness to work whenever called upon has been the subject of enthusiastic comment.

"The commanding officer directs that Jack shall be cared for during the remaining years of his life and that he be not called upon again to perform work of any kind so long as he shall live."

There is a language common to mules and "mule skinner," horses and horsemen. Hence "mule skinner" at Fort Totten said today that Jack was greatly gratified at the honor done him and that he felt he deserved it. Moreover, he looks forward with anticipation, and not a little sentiment, at his comrades—for he regards the privates and the non-commissioned officers of the regiments as fellow-servants with him of the American nation—lining up

NOW IT CAN BE TOLD

"We are told by a friend in the United States," writes W. B. Burton-Baldry from London, "that the real reason Colonel Lindbergh is now living in England is that he came over to collect the war debt." Sure. That's why they call him the Loan Eagle.—Investment Dealers' Digest.

OBSERVATION OF VARIOUS THINGS IN OUR CAPITAL

(By Hart Goodrich)

Bear meat, cherry pie, pictures, fountain pens, home made candy, socks, plum pudding—just a few of the gifts sent to "F. D. R. and the Missus" every day in the year. And I bet you can't guess what heads the list in popularity to send the President—hand made neckties. The chief executive has his choice of all colors and styles, embroidered and knitted, some initialed, others with a prominent "R" emblazoned so that all may see that the wearer is Roosevelt (or Ruggles). Some of these ties bear the President's likeness, or what the sender intended as a likeness.

Each time the President is indisposed with a head cold, the news items of that fact bring a flood of hand made chest protectors, sweaters, wrist warmers, woolen socks, ear muffs and home made remedies.

Mr. and Mrs. Roosevelt have followed the strict policy of returning all presents of any real intrinsic value, but have been happy to accept the many little inexpensive remembrance and tokens of appreciation tendered to them. They both make it a rule to acknowledge personally all gifts they feel they can keep. That is a pretty big task when it is remembered that our President has many more pressing duties to perform.

The White House is a commodious place, but there is a limit to everything. The room originally assigned

as the resting place for miscellaneous gifts has long since been found inadequate. Another room in the White House now catches the overflow, as well as a room at Hyde Park, and one at his little white cottage at Warm Springs, Georgia. The White House employees have named these rooms the "chamber of horrors," prompted by the grotesqueness of many of the good will gifts. The President never uses the term, but he is aware of what is meant by the name since, when he turns over a present to a subordinate for safe keeping, the latter may bow out saying, "I will put it in the chamber of horrors, sir."

The eatables received are, of course, carefully inspected and are either put in the White House larder for eventual use on the presidential table or sent to one of the local hospitals. Just how often the gift rooms are emptied and what finally becomes of the gifts only one or two persons know. More than likely the President himself, could not say with accuracy.

One thing those daily gifts do signify: that the people, every day people, like you and I, want the President to know how much they love and respect him. And he appreciates their thoughtfulness, whether it is expressed in the stitches of a hand made tie or the goodness of home made plum pudding.

SOME QUESTIONS AND ANSWERS

(By Maude Larue Ives)

Question: What name did the ancients call the ostrich?

Answer: The camel bird.

Question: In what novel way do women of Japan enjoy the radio?

Answer: Japanese ladies are able to use their parasols for a double purpose. Receiving sets are built into the handles and the ribs of the parasols serve as antennae. The novelty is very popular.

Question: Who was Justus H. Rathbone?

Answer: He was the founder of the Knights of Pythias, a large organization next in number to the Masonic and Odd Fellow Orders. This fraternal and benevolent order was originally based on the story of the self-sacrificing friendship of Damon and Pythias. The society was originated in Washington, D. C., year 1864. Members are pledged to help each other, "friendship to the death," being the theoretical ideal.

Question: What is the difference between a moth and a butterfly?

Answer: The bodies of most moths are thicker than those of butterflies. In general the moths are the more soberly colored of the two groups. The antennae, or feelers, of the moths are feathery and end in a point; those of butterflies are clubbed, each one ending in a little knob. The wings of moths, when at rest, are horizontal rather than at an angle with the body, and sometimes reach an expanse of six or seven inches. Some moths have a peculiar fastening resembling a hook and eye, that holds the fore and hind wings together in flight. This is never present in butterflies.

Question: What is the world's largest volcano?

Answer: Mauna Loa, situated in Hawaii.

Question: What is the highest mountain peak in the world?

Answer: Mount Everest. It is in the Himalayas on the frontier of Tibet, in Asia. Its height 29,141 feet.

STATE CONGRESS FELICITATES ITS COUNTY UNITS

Seventeenth District Holds Regular Meeting Devoted To Spirit Of Christmas

Seventeenth District, California Congress of Parents and Teachers, convened in the gayly decorated auditorium of the Burlingame High School, Friday, December 17. Due to the holiday season, the executive board was called by the President, Mrs. Elmer L. Miller, just preceding the regular meeting, at which time the convention date was postponed from April 14 to April 21.

The Parent-Teachers Association is widely known for its participation in forwarding and giving opportunity to children educationally; but, as well, it plays an active part in co-operating with other philanthropic organizations in aiding underprivileged children.

Dental and health clinics are supported and in special cases, doctor and dental bills have been paid; also glasses to aid vision are given upon requests of school nurses. Physical education classes for mothers are being conducted. White raincoats and hats for the traffic squad was a project of one unit.

The successful accomplishment of the work of the organization is due to the leadership and co-operation of its members.

Representing the state, Mrs. Edwin I. Bartlett, sixth vice president, California Congress of Parents and Teachers, Inc., and a district past president, extended greetings and brought a Christmas suggestion that each P-T. A. member develop their inner potentialities that they may be an inspiration to others. Also bringing greetings were other past presidents, Miss Victoria Rousell, Mrs. J. R. Spann, Mrs. R. D. Richards.

Mrs. C. N. Kirkridge, character education chairman, drew a word picture of Christmas spirit exhibited in various sections of the world.

Christmas music of the District Choral group, under the direction of Mrs. F. C. Lee, accompanied by Mrs. C. M. Bandtel, followed by community singing, featured the entertainment for the morning meeting.

Children Enjoy Party At Center

Santa Claus was on hand to distribute gifts and candy, which were clustered about the beautifully decorated cypress Christmas tree.

A sincere vote of thanks was given Mrs. Brown for her efforts in making the party a happy success for the Colma young folks.

Edgemont Center, specializing in art needlecraft, for which she is so well known; Mrs. Cotter, who has been secretary for the project in San Bruno, will be serving in a similar capacity here, while Mr. Halcrow has been appointed director for the local program, a position which he has discharged with satisfaction in San Bruno after having previously served as supervisor of a similar project in Burlingame.

This staff will be the nucleus of the Daly City unit, which will be rapidly expanded as the program takes shape. New play centers and adult activities will be continually developed as fast as facilities and recreation leaders are available.

The maintenance and development for use of the park and playground areas will be an important part of the program, according to Mr. Halcrow, who declares that unused facilities are depriving the children of the community of their right to active, healthful play and development.

The members of the recreation staff are looking forward to a season of successful effort here, because of the wholehearted co-operation of the mayor and other members of the council and civic bodies supporting him in this forward looking program.

Who doesn't enjoy seeing happy young people. That's why so many of the parents turned out to witness the fun, for we grownups are children at heart and would be playing with toys ourselves, were it not for the fact that our actions might be judged lacking in dignity.

So the party continued on to its close and everyone seemed satisfied, and all are now beginning to look forward to another Xmas tree with toys for 1938. Can it be done again? It can!
